

PTSG to deliver water treatment services for local authority

1 year ago

Premier Technical Services Group Ltd (PTSG), via constituent company Total Environmental Compliance (TEC), has been contracted to deliver specialist water treatment services for an authority in the south-east of England.

TEC forms an integral part of [PTSG Water Treatment Ltd](#). In this contract, engineers will deliver a water hygiene monitoring regime and legionella risk assessments across multiple sites.

With 30 years' experience in delivering water hygiene, water treatment and remedial services, TEC's experienced and expert team attends sites to undertake statutory and routine inspections using the latest technology, equipment and software.

Its specialist engineers provide real time and accurate data, continually backed up, to demonstrate a full audit trail with concise and reliable compliance monitoring.

PTSG is a trusted partner to our clients, ensuring water safety, protection from Legionella and decontamination from many other bacteria and viruses.
