

Armacell Oldham Plant achieves gold medal in the 2024 EcoVadis Sustainability Assessment

6 months ago

Armacell, a global leader in flexible foam for the equipment insulation market and a leading provider of engineered foams, is proud to announce that its Oldham plant has been awarded a Gold Medal in the 2024 EcoVadis sustainability assessment, placing it among the top 5% of more than 130,000 companies assessed globally.

EcoVadis evaluates companies on four key themes: Environment, Labor & Human Rights, Ethics, and Sustainable Procurement. This Gold Medal recognition places Oldham in the 97th percentile globally, highlighting its outstanding commitment to sustainability and its comprehensive management systems for policy formulation, implementation and results reporting.

“This Gold Medal is a testament to the commitment of the entire Oldham team and highlights our position as a sustainability leader,” said Andrew Holmes, GM UK & Ireland. “It inspires us to keep pursuing excellence in environmental, ethical and sustainable business practices.”
