

Neo (part of PTSG) Secures a Place on CHIC's Fire & Building Safety Framework

10 months ago

Neo Property Services Ltd (Neo), part of [Premier Technical Services Group Ltd \(PTSG\)](#), has announced that it has been successfully appointed to CHIC's Fire & Building Safety Framework under Lots 1-3. This achievement reflects the specialist provider's commitment to delivering high quality services and solutions in collaboration with CHIC.

About the Framework

Developed in close collaboration with members, consultants and contractors, this new framework aims to enhance fire safety compliance across diverse building types while encouraging innovation and efficiency. With a strong focus on flexibility, sustainability and collaborative outcomes, the framework aligns with key legislative requirements, including the Building Safety Act 2022.

Fire safety is a critical component of a comprehensive strategic asset management approach for Registered Providers. Ensuring robust fire safety measures not only protects residents and assets but also underpins the long-term sustainability and compliance of building portfolios.

This framework provides an integrated solution, supporting members in meeting their regulatory obligations, enhancing building safety and supporting proactive risk management.

Framework Information

- Framework Title: Fire & Building Safety
- Framework Duration: 01/02/25 to 31/01/29

· Scope of Services: Lot 1: Fire Safety Installation & Replacement, Lot 2: Fire Servicing & Maintenance, Lot 3: Fire Consultancy & Management

About CHIC

CHIC (Communities & Housing Investment Consortium) is a collaborative, not for profit, member owned and governed consortium that delivers compliant procurement solutions and commercial support to its members in partnership with the supply chain. They secure savings for its members and are committed to the delivery of improved environmental outcomes and added social value through all that they do.

Steven Doherty, Managing Director of Neo, commented: “We are delighted to be appointed to CHIC’s Fire & Building Safety Framework. This collaboration represents an exciting opportunity for Neo to contribute to effective delivery of crucial works and services for CHIC’s members. We look forward to delivering exceptional services and fostering long lasting partnerships.
