

PTSG develops solution at former Kodak factory

6 months ago

[Premier Technical Services Group Ltd \(PTSG\)](#) has been contracted to deliver specialist fire solutions at the former Kodak factory in Harrow.

Eastman Village is being developed on the site of the historic Kodak factory in Harrow. It will deliver over 2,000 homes for private sale, shared ownership and affordable and market rent. The site will also include a block of senior living accommodation, retail spaces and a landscaped park that serves as a new green link in the heart of residential Harrow.

The development will retain the iconic chimney of the former Kodak factory, which will be refurbished and incorporated into a new energy centre, serving the entire development. The development will consist of a series of buildings reaching a maximum height of 20 storeys.

In this contract, engineers from [PTSG Fire Solutions Ltd](#) will install a new sprinkler system to provide protection for residents in the event of a fire. Sprinkler systems are universally acknowledged to be the most effective form of life and property protection available. PTSG designs, installs, services and maintains systems for residential and commercial buildings of all kinds.
