

Pareto FM has been appointed to Fusion21's Workplace and Facilities Management Framework

6 months ago

Pareto FM has been appointed to **Fusion21**'s Workplace and Facilities Management Framework, securing positions on Lot 1: Total Facilities Management and Lot 4: Building Engineering Services. This appointment strengthens Pareto FM's role as a trusted partner for facilities management and building services, supporting clients with high-quality solutions across multiple sectors.

The framework is designed to provide cost-effective, high-quality procurement solutions to public sector organisations, ensuring that facilities and property management services meet the highest industry standards. Pareto FM's inclusion in Lot 1 and Lot 4 highlights the company's expertise in delivering innovative, tailored solutions that drive efficiency, sustainability, and long-term value.

James Clarke, CEO of Pareto FM, commented: "Our appointment to this framework, reinforces our commitment to delivering best-in-class facilities management services. Inclusion in Lot 1 and Lot 4 allows us the opportunity to provide Fusion21 members with managed service solutions that enhance operational performance and sustainability across estates."

Russell Gates, Framework Manager at Fusion21 said: "We are delighted to welcome all of the new suppliers onto Fusion21's Workplace and Facilities Management Framework, including Pareto FM. The tender process was highly competitive and has identified the best suppliers for our members to use for providing a range of hard and soft facilities management (FM) services to support the operation of public buildings."

As part of Lot 4: Building Engineering Services, Pareto FM is able to support Fusion21 members with the procurement and supply of high-quality materials to ensure seamless maintenance and construction projects. Through Lot 1: Total Facilities Management, the company will offer comprehensive facilities management solutions, helping organisations optimise building performance, maintain compliance, and create safe, efficient workplaces.

The appointment to Fusion21's Workplace and Facilities Management Framework further solidifies Pareto FM's position as a leader in flexible, client-focused FM solutions, enabling the company to support a broad range of sectors, including local authorities and education.
