

PTSG delivers specialist works to hospital chimney

1 year ago

[Premier Technical Services Group Ltd \(PTSG\)](#) is currently delivering [specialist building services](#) to one of the NHS Foundation Trust hospitals serving patients in Derbyshire.

This acute hospital provides healthcare and community services for more than 400,000 people across the county. It has 500 inpatient beds (excluding maternity). More than 5,000 colleagues are employed across the hospital, Royal Primary Care and through DSFS (Derbyshire Support and Facilities Services).

On 17 May 2017, it was awarded a GOOD rating from the Care Quality Commission. It won the title of Large Employer of the Year at the East Midlands finals of the National Apprenticeship Awards in 2022.

The hospital is working closely with its partners through Joined Up Care Derbyshire, which brings together health and social care organisations across Derbyshire with the ambition to provide the best care and services for people and make them as efficient and effective as possible.

After a chimney inspection was carried out by PTSG specialists, a proposal for remedial works was submitted, which the hospital accepted. These are currently ongoing and are on track to be completed on schedule.
