

## PTSG company to deliver third electrical seminar

1 year ago

On Thursday 3 April, Guardian Electrical Compliance Ltd (Guardian), a constituent company of [Premier Technical Services Group Ltd \(PTSG\)](#), delivers the third in its series of informative and engaging electrical seminars at venues across the UK – this time at The Dakota Hotel in Motherwell.

In March, the first two seminars in the series were extremely well received by audiences at the IWM Duxford in Cambridgeshire and The Pullman Hotel in London.

This series of seminars is ideal for all duty holders who are responsible for electrical safety in their building(s). They cover the latest changes in legislation and technology – the vital facts they need in order to keep their organisation not just compliant but performing at optimal efficiency.

The remaining schedule of seminars is as follows:

- Thursday 3 April: Dakota Hotel, Motherwell
- Thursday 1 May: The Celtic Manor, Newport
- Thursday 8 May: The National Motorcycle Museum & National Conference Centre, Solihull
- Thursday 15 May: Oulton Hall, Leeds
- Thursday 22 May: Venue TBC, Manchester

Interested parties can complete the form on [Guardian's website](#) or follow the LinkedIn [link](#) to be added to the waiting list. Once places are available, emails will be sent out.
