

PTSG company completes specialist roofing project for Costco

12 months ago

[NSS Group \(NSS\)](#), part of [Premier Technical Services Group Ltd](#) (PTSG), has successfully completed a specialist roofing project at the Gateshead branch of Costco.

Located near the Metro Centre, Costco Gateshead is part of the global retail giant Costco Wholesale Corporation, which is renowned for its members-only warehouse format, offering a wide range of products from groceries to electronics. The Gateshead site is a bustling hub of retail activity, making the need for a safe, durable roof essential.

NSS was tasked with delivering a comprehensive roofing solution to future-proof the site's large roof structure. The project involved the application of specialist treatments designed to protect the roof from weathering and prevent long-term corrosion, ensuring lasting durability. Despite the complex access challenges presented by the site, the team from NSS delivered the project safely and efficiently.

NSS is a leading part of PTSG Building Access Specialists Ltd, one of the Group's five independent divisions. It offers a wide range of specialist services to maintain and clean buildings of all types and sizes. These include steplejack services, specialist rope access, window cleaning, and gutter maintenance.

PTSG's focus on delivering cost-effective solutions means that customers benefit from enhanced building longevity without the need for costly replacements. This latest project at Costco Gateshead is a testament to NSS's expertise and commitment to quality.
