

Armacell to Showcase Innovative Products at the Installer Show 2025

7 months ago

Visit [Armacell®](#) at Stand 5150 from 24 – 26 June 2025 at the NEC Birmingham to discover the latest advances in insulation solutions.

Armacell, a global leader in flexible foam for the equipment insulation market and a leading provider of engineered foams, has announced its participation in the upcoming Installer Show 2025.

Visitors are invited to explore Armacell's latest innovations at Stand 5150, where the company will be showcasing:

- ArmaFlex® range
- ArmaFlex FastLink
- ArmaFlex Ultima
- ArmaLight® Tubolit DG
- ArmaClad® Arma-Chek Wrap
- ArmaFix® EcoLight.

“We are thrilled to be part of the Installer Show 2025, which serves as an excellent platform for industry professionals to connect and discover the latest advancements in insulation technology,” said Thomas Merton, Product Manager at Armacell. “Our innovative products not only meet the highest performance standards but also support sustainability efforts within the industry.”

The Installer Show is known for bringing together industry leaders and professionals, offering a unique opportunity to engage with the latest technologies and solutions in the market.

Armacell's presence at this event underscores its commitment to providing high-quality insulation solutions that enhance energy efficiency and contribute to a sustainable future.

Attendees can look forward to engaging with Armacell's knowledgeable team, exploring the industry-leading product range and learning about the latest innovations in insulation materials.

By supplying plumbers and builders' merchants across the UK with a wide and reliable range of products, Armacell makes it easy for installers to find what they need, when they need it, all through their local stockist.

Join us at Stand 5I50 to learn more about how Armacell's products can benefit your projects and to discuss the future of insulation technology.
