

# DF Concerts and Events award three-year contract to Spectrum Service Solutions

7 months ago

Commercial Cleaning and FM company, [Spectrum Service Solutions](#) has announced that DF Concerts & Events has awarded them a three-year contract for cleaning and waste management.

DF Concerts & Events brings the best live music and life-affirming experiences to music fans across Scotland, year after year and, believe it or not, they are the 31st\* busiest promoter in the world and 14th\*\* in Europe! Serious UK concert or festival goers will most likely have been to at least one of their events, even if you didn't realise it.

For DF, it's about promoting the event and the acts rather than themselves. Since 1994, they have been forming and shaping the festival landscape across Scotland as the founding partners of T in the Park and have managed many more music festivals since then, including TRNSMT, Connect, Country to Country Glasgow and Summer Sessions in Glasgow, Edinburgh and Dundee.

What's even more impressive is the list of artists who can thank DF Concerts & Events for promoting their first shows; global stars such as Paolo Nutini, Gerry Cinnamon, Lewis Capaldi, Amy Macdonald and Calvin Harris all appreciate the influence, professionalism and promotional power they bring to the Scottish music scene. Add to this the astonishing array of stars who have enjoyed their first shows to Scottish crowds at one of their events. You'll see names like The Killers, Fred again.., Radiohead, Amy Winehouse, Robbie Williams, Lizzo, Sam Fender, Adele, Florence & the Machine, Lana Del Rey and Coldplay.

DF Concerts & Events is undoubtedly the No.1 company in the country for concerts and festivals, and Spectrum is delighted to have the good work we've done in the past recognised with the award of a three-year contract.

Rebecca Bell, Managing Director at Spectrum, is pleased with the win; she commented: "We are truly delighted to be able to announce this contract win. We have a long association with DF Concerts & Events, and we're grateful that it will continue for at least the next three years. "DF Concerts is rightly considered to be the number one promoter in the music event and festival scene in Scotland, so it is great to be working with yet another market leader.

"I'm also delighted for the team at Spectrum. They love working at the music events, and much of this contract award is down to the hard work they've done in the past, which has obviously impressed the client!"
