

ISS signs new contract with global professional services company in India

3 months ago

ISS, a leading workplace experience and facility services company, has expanded its international partnership with a global professional services company through a new contract in India. The contract has an annual value of DKK 100 million.

ISS already works with this customer across multiple countries in Europe, and with this new partnership in India, ISS will deliver integrated facilities services, including technical support and workplace experiences. The contract is expected to start in July 2025 and will have a duration of five years.

Carl-Fredrik Bjor, Group Chief Commercial & Revenue Officer at ISS says: “We are thrilled to expand this significant partnership – within one of our strategically prioritised global industry segments – into an important market like India while also introducing additional services through this new contract. We look forward to supporting our customer’s ambition to become more agile, efficient, and sustainable while enhancing workplace experiences.”
