

Polyteck secures Islington Council's general building works contract

2 months ago

[Polyteck](#) has been appointed by Islington Council to deliver essential general building repairs and maintenance services for approximately 35,000 council tenants and leaseholders.

Under the potential four-year contract, Polyteck will work alongside the council's in-house teams to deliver a range of maintenance services, including day-to-day minor repairs, damp and mould remediation, plumbing, carpentry, metalwork, and glazing.

Polyteck's team members will operate borough-wide, handling both high- and low-value works, and will also support emergency and urgent out-of-hours services.

Nemendra Singh, director of housing, Polyteck, said: "We are proud to have earned Islington Council's trust in delivering public sector maintenance services. Our team is eager to get started and ensure residents benefit from fast, high-quality, and customer-focused building repairs."
