

Bellrock acquires Summers-Inman, setting sights on a top 15 consultancy spot

7 months ago

As part of an ambitious ongoing M&A programme, [Bellrock](#) has announced the acquisition of Summers-Inman Construction and Property Consultants LLP.

Summers-Inman provides cost management, quantity surveying, project management and building surveying services to the UK's private and public sectors.

With over 100 years of heritage, they bring considerable experience in sectors like healthcare, education, heavy industry, residential, and utilities. Notable Summers-Inman customers include Pepsi, McDonalds and Philips.

It will sit within Bellrock's consulting services. There, it'll add considerable regional expertise in locations like the Midlands, the North, Scotland and London.

This acquisition gives both current and future customers an enhanced service offering and access to a wider specialist network. By opening up new sectors and regions, the move strengthens Bellrock's ambition to become a top 15 Building consulting business.

Carlo Alloni, CEO of Bellrock, welcomed the news: "Acquiring Summers-Inman marks a significant milestone in our journey to expand Bellrock's capabilities and accelerate our growth. This acquisition reinforces our commitment to exceptional service as we strive to be the best property consulting businesses in the industry. In our ongoing efforts to invest in our consulting division, I'm delighted to welcome the Summers-Inman team to Bellrock. Together, we'll continue to drive success and create unique value, both to our clients and within our own teams."

David Cronje, Managing Director of Summers-Inman, said: "This acquisition is a transformative step for Summers-Inman. By combining our expertise and resources with Bellrock, we're enhancing our capabilities and broadening our service offerings across the UK. This partnership unlocks new growth opportunities, allowing us to better serve our clients and strengthen our position in the marketplace. We're excited about the synergies this collaboration will bring and look forward to the continued success and innovation it will drive."
