

# Dalkia UK secures Facilities Management contract for EDF's Operational Nuclear Fleet

10 months ago

On 1 July 2025, [Dalkia UK](#) assumes responsibility for the facilities management on eight nuclear power stations operated by EDF Nuclear Operations. This significant milestone marks a major step forward in Dalkia's strategic growth and reinforces its commitment to supporting the UK's critical energy infrastructure.

The comprehensive contract covers a broad spectrum of essential facilities management services including mechanical and electrical maintenance, building fabric and grounds upkeep, industrial services, catering, waste management and office support services.

As part of the transition, approximately 1,000 employees based at Dungeness B, Hartlepool, Heysham 1 & 2, Hinkley Point B, Hunterston B, Sizewell B and Torness power stations will join the Facilities Division of Dalkia UK.

These individuals bring with them extensive experience and a dedication to continuing to deliver a great service.

Dalkia is committed to ensuring a smooth and supportive integration process, underpinned by a culture of excellence and innovation.

Maintaining the highest standards of safety, driving continuous improvement in service quality and strengthening collaboration with EDF remain priorities. Dalkia will focus on continually improving service

delivery and investing in comprehensive training and development opportunities to empower its workforce and support long-term success.

This contract is a pivotal achievement in Dalkia's UK strategy, with the nuclear sector now representing 25% of its business activity. It is expected to boost the company's order book by over £200m.

Mark Hartley, MD, EDF Nuclear Operations, said: "I am grateful for the positive engagement of the Facilities Management teams working on EDF's existing nuclear power stations in the UK. I am confident that they will continue to thrive under the leadership of Dalkia and contribute to the enhanced performance of our fleet over the coming years."

Noel Clancy, MD Dalkia's Facilities Division, commented: "Our appointment is a strong validation of our capabilities, expertise, and continued commitment to delivering high quality solutions for our customers. I look forward to welcoming our new colleagues to Dalkia UK and I want to thank everyone who has helped with the mobilisation, over the past 12 months, ensuring we are in a strong position to successfully deliver this broad and complex contract."
