

## PTSG secures position on national cleaning framework for higher education

10 months ago

[Premier Technical Services Group Ltd](#) (PTSG), through its constituent company NSS, has been appointed to the North Eastern Universities Purchasing Consortium (NEUPC) Cleaning Services Framework – strengthening its presence in the UK’s education and public sector markets.

The appointment to Framework EFM2038 confirms NSS as an approved supplier of specialist cleaning services to universities and public institutions nationwide. It also reflects PTSG’s ongoing commitment to providing safe, reliable and high-quality solutions across complex, high-footfall environments.

NEUPC is one of six regional university purchasing consortia in the UK, enabling its members to procure services efficiently, cost-effectively and in full compliance with public sector regulations.

Under the new framework, NSS will offer a full suite of services including window cleaning, high-level cleaning and grounds cleaning – delivered by trained operatives using advanced methods and equipment to maintain the highest standards.

Being part of the framework positions NSS and PTSG as trusted partners to some of the UK’s most prestigious academic institutions. With extensive experience supporting the built environment in education, healthcare and the wider public sector, PTSG is proud to support learning environments that are clean, safe and ready to perform.

This framework win marks another important milestone in PTSG’s ongoing growth as a multi-service provider across five key business divisions: Access & Safety, Electrical Services, Fire Solutions, Water Treatment and Building Fabric.
