

European Jetski Champion Seeks Sponsorship for World Finals

6 months ago

Martin Izzard, Operations Director at [CCIS](https://cc-is.co.uk/) and a veteran in the world of jetski racing, has been crowned the European Jetski Champion in the Vintage X2 category. Following this significant victory, he has now been invited to represent Great Britain at the World Finals in Lake Havasu City, Arizona, this October.

Martin's passion for the sport spans three decades, a journey that has seen him compete against top factory riders at the 1998 World Finals and win the British Jetsport Championships in 2024. Now, with the opportunity to return to the world stage, he is seeking sponsorship to help fund his trip and competition fees.

This is a unique chance to support a proven champion with a long history of dedication and excellence. Companies interested in sponsoring his bid for the world title can contact Martin Izzard here – martini@cc-is.co.uk – or via the company's website – <https://cc-is.co.uk/> – to discuss this exciting opportunity.
