

Peartree Cleaning Services enhances team safety with IOSH Managing Safely training

5 months ago

Peartree Cleaning Services, a leading provider of cleaning services in the UK, has announced the successful completion of IOSH Managing Safely training for several of its dedicated team members. This initiative underscores Peartree's commitment to maintaining the highest standards of safety and professionalism in the workplace.

IOSH Managing Safely is a widely respected and industry-leading health and safety training course tailored for managers and supervisors across all sectors. The programme equips professionals with the fundamental knowledge and practical skills needed to recognise, evaluate, and manage workplace risks effectively, helping to promote a culture of safety and compliance.

Peartree has been granted a licence from IOSH to deliver the Managing Safely training course which is recognised globally as the first step on the ladder to gaining relevant competency. As an IOSH member, Paul Reilly, Health, Safety and Environmental Manager at Peartree Cleaning has been delivering the training for more than three years.

Paul, commented: "At Peartree we recognise the importance of continuous professional development in fostering a safe and productive work environment. We actively monitor and mitigate risks across our organisation, and hold regular audits of health and safety protocols ensuring compliance with ISO 45001 standards."

Brad Reames, Owner and Managing Director of Peartree Cleaning, added: "By investing in this training, we aim to empower our team members to identify hazards, assess risks, and implement robust safety measures across all operational aspects. The IOSH Managing Safely training aligns with our core values of

quality, integrity, and continuous improvement; and has reinforced our commitment as a company to delivering exceptional service with a focus on safety excellence.”

As part of its collaborative approach and ongoing commitment to industry education and development, Peartree regularly delivers the Managing Safely training course at client premises, offering complimentary places for their on-site teams.
