

PTSG Delivers Lightning Protection Upgrade at Epping Sports Centre

4 months ago

[Premier Technical Services Group Ltd](#) (PTSG) has been appointed to carry out specialist electrical works at Epping Sports Centre – a well-used community leisure hub in Essex.

The centre, part of Places for People’s nationwide portfolio of health and wellbeing facilities, offers a wide range of amenities including a gym, sports hall, squash courts and exercise classes, as well as children’s activities. Serving local residents, the facility plays a key role in promoting both individual wellness and wider community wellbeing.

Under the new contract, engineers from PTSG Electrical Services Ltd will design and install a modern lightning protection system to safeguard the building and its users during adverse weather. The upgrade will ensure full compliance with safety standards while enhancing the resilience of the facility’s infrastructure.

As the UK’s leading provider of lightning and surge protection services, PTSG continues to support clients in both the public and private sectors – delivering inspections, testing, maintenance and system upgrades nationwide.

This project further demonstrates PTSG’s commitment to protecting vital community assets and enabling safe, uninterrupted access to essential services.
