

ISS and COWI enter new international partnership

2 months ago

ISS, a global leader in workplace experience and facility services, has secured a seven-year contract with COWI, a global engineering and consulting firm, to provide integrated facility services across 11 countries.

The contract will cover 44 of COWI's offices and includes a wide range of services, such as cleaning, catering, space management, building maintenance, technical installations, and security. The agreement will take effect in Europe on February 1, 2026, with the rest of the world to follow on April 1, 2026.

Natalie Shaverdian Riise-Knudsen, Executive Vice President and Group CFO, COWI, said: "This marks a new chapter for COWI – one in which we will operate more efficiently, sustainably and with enhanced agility. Through reduced complexity, modern digital capabilities, and a partnership with a single committed supplier, we are confident that our workplace services will better support all employees every day."

Carl-Fredrik Bjor, Group Chief Commercial & Revenue Officer at ISS, said: "We are thrilled to enter this trust-based partnership based on close dialogue and flexibility, leading to a strong outcome. This collaboration enables ISS to combine our local expertise with global capabilities – delivering seamless, efficient workflows supported by digital tools and embedding sustainability into daily operations. We look forward to reinforcing COWI's ambition to create a sustainable, future-ready work environment for employees."
