

Cardo Group named one of the fastest-growing businesses in the UK Fast Growth Index

4 months ago

As a leading housing maintenance specialist, [Cardo](#) provides essential property services to social housing providers and public bodies, helping to improve buildings and strengthen communities.

The [UK Fast Growth Index](#) identifies the 50 fastest-growing companies across seven regions and nations – London, the Midlands and the East of England, the North of England, Northern Ireland, Scotland, South of England, and Wales.

Last year, the 350 firms identified through the lists had a collective turnover increase of £9.6 billion between 2021 and 2023 and created 24,000 new jobs in two years.

Professor Dylan Jones-Evans OBE, Founder of the UK Fast Growth Index, said: “The UK Fast Growth Index demonstrates how a small number of fast-growing firms such as Cardo can make a substantial contribution to the UK’s economic landscape, providing real examples of how innovation, enterprise and sheer hard work can make a real difference in all sectors from construction to financial services to technology.”

Liam Bevan, CEO of Cardo, said: “Being named among the UK’s fastest-growing businesses is a proud moment for the entire Cardo Group, reflecting the hard work and dedication of our teams and partners who share our commitment to improving buildings and lives across the communities we serve.”

The winners will be announced at the awards ceremony on Wednesday, 26th November at the Bloomsbury Big Top in London.
