

Artic Renews Hard FM Partnership with Lord's Cricket Ground

4 months ago

Artic Building Services has announced its recent [Hard FM](#) partnership renewal with [Marylebone Cricket Club](#) (MCC), owners of the esteemed Lord's Cricket Ground.

After a competitive re-tender at Lord's, Artic has remained the first choice for MCC's hard facilities management. The contract has been renewed for a further three years, in this time Artic will continue to build on its [strong partnership](#) with MCC with dedication to the fan's experience at the grounds.

Lord's Cricket Ground is a world-renowned and located in London. The ground, the Home of Cricket, is full of Cricketing history and with a world-class reputation it continues to ensure visitors have an unforgettable experience that keeps cricket fans coming back. With a Grade II listed building, the Pavillion, MCC require extensive M&E expertise to maintain the ground and its facilities, supporting their estates management team to contribute to the ultimate fan experience.

Artic Contract Manager, Jimmy Dale, is looking forward to continuing his management and delivery of hard FM to MCC: "Over the years, we've closely aligned our service to MCC at Lord's Cricket Ground and know that above all else, ensuring a seamless match day is something we won't compromise on. Before anything else, our priority is to ensure Lord's facilities impact the fan experience positively."
