

Peartree Cleaning Sponsors Chelmsford Rugby Club (U16)

5 months ago

[Peartree Cleaning Services](#), a leading provider of cleaning services in the UK, has renewed its sponsorship of Chelmsford Rugby Club's kit, for the second year running.

The sponsorship reflects Peartree's ongoing commitment to investing in local communities and supporting grassroots sport. As part of the agreement, Peartree's branding will feature on the club's playing kit for the 2025/6 season.

The partnership also holds personal significance, as Alfie Conroy, aged 16, who plays for Chelmsford Rugby Club, is the son of Peartree's Commercial Director, Stuart Conroy. This connection further reinforces Peartree's belief in backing local talent and providing young athletes with the support they need to develop both on and off the pitch.

Stuart Conroy, Commercial Director at Peartree, said: "Chelmsford Rugby Club plays a hugely important role in the local community, developing young players and promoting teamwork, discipline and respect. As a company, we share the same guiding principles you will find in any Rugby club. We are passionate about supporting initiatives that make a real difference locally, and it's particularly rewarding to see that support extends to young players like Alfie and his teammates."

Peartree has been providing commercial cleaning solutions for almost forty years, working across a wide range of sectors while maintaining a strong focus on sustainability, innovation, and social responsibility.

Alongside its support for the club, the company also actively gives back to the community through initiatives such as its ongoing support for SNAP, an Essex-based charity supporting families with children who have additional needs or disabilities.
