

WPS Secures Contract Renewal with Mott MacDonald, Building on Nearly a Decade of Partnership

4 months ago

[WPS Facilities Management](#) has been awarded a significant contract renewal by global engineering, management and development consultancy Mott MacDonald, extending a successful relationship that has been in place since 2017.

The renewed agreement continues the delivery of hard FM services and mechanical and electrical (M&E) works across Mott MacDonald's nationwide estate. The new three-year contract, with extension opportunities, covers 30 key locations across the UK, stretching from Aberdeen and Inverness to Plymouth and Brighton, and from Belfast to Norwich.

Jack Prady, Managing Director of WPS Facilities Management, said: "We're really pleased to be extending our longstanding partnership with Mott MacDonald. This renewed contract demonstrates our shared commitment to agility and close collaboration, enabling us to adapt to Mott MacDonald's evolving operational requirements across a diverse and extensive portfolio.

"The agreement covers everything from full repair lease buildings to single-floor, landlord-controlled sites, supporting over 10,000 people nationwide. It's a fantastic opportunity for us to continue fostering thriving workplaces across the UK."

This contract renewal underscores the strength of the partnership and highlights WPS' dedication to delivering high-quality facilities management services nationwide.
