

ABM Completes Acquisition of WGNSTAR, Strengthening Leadership in Semiconductor Technical Services

2 months ago

[ABM](#) has completed the acquisition of WGNSTAR, a leading provider of technical and operational solutions for the semiconductor and high-technology industries, previously announced by the Company.

Scott Salmirs, President and CEO of ABM commented, “We are excited to officially welcome WGNSTAR’s talented team to ABM. This acquisition expands our technical capabilities in the world’s most sophisticated semiconductor fabrication environments. WGNSTAR’s deep expertise in cleanroom operations, production tool management, and culture of excellence make them an ideal fit as we continue to grow our technical services portfolio.”

ABM is one of the world’s largest providers of integrated facility, engineering, and infrastructure solutions. Every day, over 100,000 team members deliver essential services that make spaces cleaner, safer, and more efficient, enhancing the overall occupant experience.

ABM serves a wide range of market sectors including commercial real estate, aviation, mission critical, and manufacturing and distribution. With over \$8 billion in annual revenue and a blue-chip client base, ABM delivers innovative technologies and sustainable solutions that enhance facilities and empower clients to achieve their goals. Committed to creating smarter, more connected spaces, ABM is investing in the future to meet evolving challenges and build a healthier, thriving world. ABM: Driving possibility, together.
