

Elevate your career with Trinity

4 hours ago

Looking for a career with real progression, stability and purpose? Trinity Fire & Security Systems – a PTSG company – is opening its doors.

On Saturday 7th March, from 9am until 12pm, Trinity is hosting a recruitment open day at its Abingdon Hub.

This isn't your typical recruitment process. Trinity is creating an opportunity to meet the people you'd be working with, ask the questions that matter and get a genuine sense of the roles, the culture and the career pathways available across Trinity and the wider PTSG Group.

Trinity is currently recruiting engineers – positions that sit at the heart of how they deliver for their customers every day and are offering a sign on bonus of £4,000.

What will happen on the day?

There will be the opportunity to meet senior members of the Trinity team including Carra Gale (Head of Inside Sales), Mike Pegg (Service Operations Director), Craig Mitchell (Technical Director), Andy Jackson (Service Delivery & Key Account Director), Michael Anderton (Managing Director – Fire Solutions, PTSG) and Talent Partners Dan Taylor and Trinity HR Business Partner Sarah Kellard. Andy Moir (Operations Director) will also be joining online.

Depending on experience, there may be the opportunity to interview on the day – and you'll be given an answer within two days. No waiting weeks for feedback. No uncertainty. Just a clear, respectful process that values your time.

Why Trinity?

With over 20 years' experience in the fire and security sector, Trinity is part of PTSG – one of the UK's leading specialist building services groups with around 3,200 employees nationwide. That means real career progression, investment in training, and the chance to build a long-term future in a growing business.

Whether you're starting out, looking for a change, or ready to take the next step in your career – this is your chance to explore what's possible.

Trinity engineer Alexander who is based in London said: "Since joining Trinity, my experience has been incredibly positive and rewarding. The support, culture, and opportunities for growth have made a real difference, with plenty of training on offer to progress my skills; it's clear the team genuinely cares about success. Management and my team are supportive, motivating, and always leading by example."

From Elevate idea to real-world action

This event is the result of Carra Gale's winning idea from the first round of PTSG's Elevate programme. Drawing on her eight years of frontline experience at Trinity, Carra identified the need to open up alternative recruitment routes – creating more accessible, engaging ways for people to discover careers across the Group.
