

PTSG Receives Positive Client Feedback from Magna Housing

4 months ago

[Premier Technical Services Group Ltd](#) (PTSG) has received positive client feedback following the completion of a recent service project, delivered by its constituent company Electrical Compliance Services (ECS), for Magna Housing.

Magna Housing is a community-based housing association operating across Dorset and Somerset, with its head office in Dorchester, providing housing services to communities throughout the region.

Commenting on the project, Magna Housing praised the ECS team's approach and professionalism, noting that the service was thorough, accommodating to site requirements, and delivered by a polite and helpful operative.

The feedback underscores ECS's commitment to delivering high-quality, reliable compliance services while maintaining a strong customer-focused approach on site.

PTSG's social housing offering is supported by the specialist capabilities of ECS alongside other Group businesses including Total Environmental Compliance (TEC) and Neo Property Solutions. Together, these businesses provide technical expertise across electrical compliance, water hygiene, and passive fire protection, enabling PTSG to deliver integrated services to housing providers.

PTSG continues to build strong partnerships within the social housing sector and remains focused on delivering compliant, high-performance services that meet the evolving needs of its clients.
