

Ansell Lighting Launches New LED Feature Light

2 hours ago

[Ansell Lighting](#) has unveiled its latest LED feature light, Rondo – designed for retail, hospitality and outdoor applications.

A robust and resilient luminaire, this high-performing LED is ideal for highlighting specific building elements and outdoor features. Available in three different sizes (small, medium and large) and with four installation options, it is suitable for surface, spike, pole and tree mounting – providing excellent flexibility for both installers and end users.

Featuring a 120° rotatable head, and a cowl accessory for a more defined beam angle, Rondo ensures accurate and consistent illumination in desired spaces.

Mark Abbott, Managing Director at Ansell Lighting, said: “Rondo is a great addition to our feature lighting range and improves our architectural offering. We know how busy installers are during the summer months with outdoor garden projects, and Rondo has been designed with their needs in mind. Its stylish design and wide range of sizes and install options make it a versatile solution for a variety of spaces.”
